

WORRY-FREE BUSINESS SECURITY SERVICES

Hosted Security for Windows, Mac, Android, and iOS

Value Proposition

- Trend Micro Worry-Free™ Business Security Services provides enterprise-class protection for Windows, Mac, Android, and iOS devices from a secure, centralized, web-based management console
- It's unlike other vendors' solutions that require significant on-premises infrastructure and/or multiple products to support different platforms

Customer Benefits

- As a cloud-based (hosted) service, it requires no server and no maintenance
- Even security for remote workers or branch offices can be managed via the Internet

Questions to Ask

- Are you interested in a no server, no maintenance security solution to protect your employees, including remote workers?
- Do your employees use Mac and mobile devices for work? Are you interested in a simple-to-use, all-in-one security solution?

Customer Reference

“The gains in efficiency and productivity are vastly improved with Trend Micro's streamlined solution.”
