

# GOTOCONNECT FOR INSURANCE

Modernize your Insurance team's communication tools with reliable communication and collaboration applications that combine Voice, SMS/Messaging, and Video conferencing services into one application.

Leading Insurance Agencies trust Jive by LogMeIn to support their business communications, here are a few reasons why:

- **All-Inclusive Pricing**  
Every feature you need is included, no complicated SKUs or confusing line-items
- **Integrations into Applied System's Epic, AMS 360 by Vertafore, and Hawksoft Agency Management Systems**  
Ensure consistent and accurate record keeping. Provide screen-pops, Policy Check-lists, & Scripts to avoid errors. Automate management of call recordings.
- **Mobility for On-the-Go**  
iOS/Android mobile apps for all users so you never have to miss a business call again... full call control, SMS, Video, and voicemail to email and transcription  
Call forwarding also included and easily configured
- **Video Conferencing & Screensharing**  
Users can easily video conference and screenshare with internal as well as external contacts
- **Detailed Call Reporting**  
Including missed calls, # of calls by agent, inbound vs outbound call reports, and easily track full talk time per user – no customization or configuration required
- **Call Recording Included**  
Easily recover previous calls and listen if needed
- **Full Fax Support**  
E-faxing and traditional faxing fully supported at no additional cost
- **Reliability and Uptime**  
Industry leading reliability with 99.995% uptime SLA

**Call Recording Included**

**Agency Management System Integrations Pre-Built**

**eFax and Traditional Fax Included**

**Low Cost and Ease of Use**

**Cloud-based, Available on any Device**

Unlock your potential and increase productivity with friction-less technology that empowers your business to focus on successful outcomes.
