

WHY THIS MATTERS.

Communications continuity tools to help your customers through the unexpected.

A GoTo for remote work

GoToConnect is a single cloud platform that can immediately solve business continuity concerns as you and your employees transition to working remotely. Enable every employee to communicate, collaborate, and continue working from anywhere, using any device.

Never miss a call

GoToConnect delivers communications continuity that is ready when you are – with no upfront costs, no need to remove existing on-premises solutions, and no required hardware.

- **GoToConnect a simple and intuitive solution**, for a quick and seamless deployment.
- **Make any contact a video meeting.** Every GoToConnect license comes with HD video conferencing for no additional cost. Attorneys have full functionality to conduct, depositions, client interviews, prepping clients for trial to discussing and showing pertinent documents to their clients.
- **GoToConnect offers a secure and calming experience**, knowing you have full view of who you are talking to. Multiple security functionality allows the attorneys to conduct business with confidence.
- **Free 90-day introductory period** on all new 12, 24, and 36-month contracts.

Trust the Leader

GoTo is the only solution to be recognized in the 2019 Gartner Magic Quadrant for both meetings and unified communications. Our cloud unified communications and collaboration tools are supported by ten international datacenters and deliver HD video, crystal clear audio, and industry-leading availability and uptime. Join millions of active users who trust GoTo with their business every day.
