REASONS TO CHOOSE GOTOCONNECT VERSUS THE COMPETITION

GoTo

GoToConnect by LogMeIn **VS** **RingCentral**

RELIABILITY

GoTo is one of, if not THE, most reliable UCaaS platform in the market.

OUR PLATFORMS

GoTo owns all its technology, without leveraging 3rd parties for key elements like Video Conferencing. Our technology is also extremely efficient, requiring up to 50% less bandwidth versus some competition

AWARD WINNING CUSTOMER SERVICE

GoTo has received numerous accolades for its customer service, which is managed in-house by our very own team of experts.

END-USER EXPERIENCE

We pride ourselves on our easy to use platforms. Our Dial Plan editor is touted as the best and GoTo's apps lead end user ratings against our competitors in both the Android and iOS stores.

VALUE FOR MONEY

GoTo provides much more, for less! **Pay up to 55% less per user per month** without restrictions on functions and features when compared against other leading UCaaS providers in the United States.

1 Save up to $40 per user per month with GoToConnect vs RingCentral.

2 Get International calling included for free with GoToConnect vs RingCentral.

3 GoToConnect comes with 'Intelligent IVR' while RingCentral's is basic. This is why it is so easy to set up your IVR with our 'drag and drop' dial plan editor.

4 Don't pay extra for project management with GoToConnect, RingCentral will charge for this support with your deployment.

5 All GoToConnect's PBX functions and features come standard with every GoToConnect user, unlike RingCentral where you need to pay top dollar to get everything included.
